PROFILE

Previously worked as a part-time IT support while taking my master's degree. Just graduated and now looking for work in the IT industry. Full-time working rights. (Visa 485 till 2024). I have a knack for coding and used to be a software developer in the Philippines. I freelance websites from time to time and work on a game in C++ and Unreal Engine as a hobby. I also have training in network and hardware as a computer engineer graduate.

WORK EXPERIENCE

IT SUPPORT

Australian College of Applied Business | Dec 2019 - Sept 2021

- Installing and configuring computer hardware, software, systems, networks, printers, and scanners
- Monitoring and maintaining computer systems, networks, and websites
- Responding in a timely manner to service issues and requests
- Providing technical support across the company (this may be in person or over the phone)
- Setting up accounts for new users
- Repairing and replacing equipment as necessary
- Testing new technology

JR . SOFTWARE DEVELOPER

Seven Seven Corporate Group | Mar 2018 - Mar 2019

- Wrote codes in Appian, Outsystem, Java & MySQL
- Working closely with colleague designers and programmers to produce software applications
- Constant communication with other colleagues in the business to develop and deploy content – and ensuring there is a clear establishment of what can be created within what timeframe
- Researching different software programs, maintaining software documentation
- Implementing contingency plans in case the website goes down
- Maintaining and expanding/enhancing the website once built
- Team Lead for two projects
